RABHA MITRA SEJAHTERA

COMPANY PROFILE

About Us.

The story of CV Rabha Mitra Sejahtera began with a strong friendship that developed during their junior high school years in 1992. Both founders subsequently followed parallel career paths, entering the same business sector, specifically the agricultural commodity of coffee, starting as coffee brokers in 2006.

Over the years, their experience and knowledge in the coffee industry continued to grow. Driven by a shared vision and mission to establish a larger, more professional, and globally-oriented business, they decided to form a formal entity.

Thus, on February 18, 2022, CV Rabha Mitra Sejahtera was officially founded. The company aims to bring the finest quality Indonesian coffee, especially Lampung Robusta coffee, to the world market.

VISION & MISION

Our Vision

"To become a global company in providing Indonesian Robusta coffee"

Our Vision

- Provide high-quality Robusta coffee sourced directly from farmers
- Support farmers by ensuring quality control so they can compete in the global market
- Promote sustainable farming systems with environmental conservation awareness
- Deliver outstanding customer experiences at every interaction
- Continuously innovate in technology and production processes

OUR POPULAR PRODUCTS

Indonesian Robusta Ek-1 Grade 3

EK-1 Grade 3 with 44 Defects means that these coffee beans fall under Grade 3 based on the Indonesian National Standard (26-44 defects), with this particular batch having around 44 defects.

Indonesian Robusta Ek-1 Grade 4B

EK-1 Grade 4B with 80 defects means this coffee bean falls under Grade 4B based on the Indonesian National Standard (61-80 defects), with this batch having around 80 defects.

Indonesian Robusta Ek-1 Grade 1

EK-1 Grade 1 with 11 Defects means that these coffee beans fall under Grade 1 based on the Indonesian National Standard (0-11 defects), with this particular batch having around 11 defects.

COMPANY VALUES

INTEGRITY

Our business is built on trust. With transparency, honesty, and unwavering ethics at every step — from farm partnerships to global distribution — we ensure every cup reflects our true values.

SUSTAINABILITY

More than just coffee — we cultivate a future. Through sustainable farming and responsible business practices, we safeguard nature while empowering coffee farmers and enriching their communities.

CONSISTENCY

Excellence without compromise. We deliver coffee of consistent quality and reliable volume, backed by precise systems and efficient processes — ensuring the world experiences Indonesian coffee at its finest, every time.

OUR SERVICES

Robusta Coffee Bean Distribution

Supplying green Robusta beans in multiple grades (1-5) that meet international export requirements

Quality Grading & Selection

Careful classification based on size, weight, and appearance to guarantee premium quality beans.

Consistent Supply Management

Ensuring a reliable year-round coffee supply through partnerships with farmers across different regions.

Processing & Storage Facilities

Well-placed warehouses near farms and ports to preserve freshness and streamline distribution.

Bussines Model

From the fertile lands of Indonesia, we begin a journey of unique and meaningful coffee flavors. Each bean is carefully cultivated, sustainably processed, and prepared to enter the global market, bringing the richness of Indonesian coffee flavors to the world.

1

Coffee Growers

Where the flavor journey begins

2

Primary Sorting

Separating coffee beans from impurities and defective beans

3
